For more information, visit [averydennison.com](http://averydennison.com)

**Avery Dennison Vision :** Make every brand more inspiring and the world more intelligent.

**Avery Dennison India :** Avery Dennison is committed to participate and contribute in India's long-term growth

• We have a strong presence in South Asia for over 15 years and have registered very healthy growth in India, one of the key markets for Avery Dennison worldwide.

• We have three state-of-the-art manufacturing units at Pune, Gurgaon and Bangalore and a nationwide presence of sales in key cities including Delhi, Mumbai, Bangalore, Hyderabad, Chennai and Kolkata. Also cater to South Asia Region – Sri Lanka, Bangladesh and Pakistan.

• We have recently announced the expansion of the Pune plant whereby the total Avery Dennison investment in India will be to the tune of over US\$50 million.

• Currently the employee strength in South Asia is 3,000 of which 1,100 are from India with a very strong localized management team.

• Avery Dennison has pioneered the worldwide use of pressure-sensitive materials for labeling products widely used on packaging for food, beverage, wine and spirits, home and personal care, pharmaceutical products and durables.

• Partnering with our converter customers and engaging with their end customers, has helped us accelerate the growth of pressure-sensitive labeling material. Further, our marketing initiative has enabled us to grow the market and progressively contribute to their growth.

• We also serve retailers, including apparel retailers, from South Asia through our retail information services, which designs and manufactures solutions to branding and information management challenges in the form of apparel label, tickets and packaging. Avery Dennison also provides Indian businesses with materials for graphic media, including vehicle and architectural wraps, and reflective materials for highway signage.
